## Qualifications:

Bachelor of Environmental Science (Aquatic Ecosystems)

Post Graduate Diploma Education (Secondary)

Diploma of Horticulture / Landscape Design

Level I Yoga Teacher Training

This is my second year at Calamvale Community College. I am teaching in the Science and Mathematics departments including Year 7 & 8 Science, Year 11 Science in Practise, Year 7 Maths and Year 12A Maths. I have worked in many areas throughout my career and have entered teaching at a mature stage in life. I have not looked back and love connecting with students and watching them grow and learn. I have many interests outside of teaching – Garden & Interior Design, Bush Walking, Fitness & Yoga to name a few. I am also a Yoga teacher and am teaching Yoga as an elective on Wednesday afternoons. I am looking forward to a fabulous 2019 filled with lots of opportunity for growth and achievement. Please feel free to contact me if you have any questions.
