

Mrs April Giblin

Art Teacher

axgib4@eq.edu.au

Qualifications:

Bachelor of Fine Arts Visual Arts
Graduate Diploma in Education

After completing a Bachelor of Fine Arts Visual Arts and a Graduate Diploma in Education at Queensland University of Technology, I proceeded to teach in London, Central Queensland, the Gold Coast and finally Brisbane. I'm passionate about art and Arts education, as it seems to be embedded in every part of my life. Outside of teaching my personal arts practice currently focuses on colour relationship, which is executed through portraiture paintings, where I reveal Fauvist and Impressionistic features in my work. My latest work is focused on social issues, where colour comes to life in a creative and abstract manner to document and capture the zeitgeist of the time. I believe by supporting student creativity they can become more passionate, resilient and curious. Opening their minds to new ideas and new ways of thinking. Creativity is an integral part of life and with it I believe our students can lead to great success.
