

Ms Claire Collins

Visual Arts, English, Humanities and Geography Teacher

cfoun0@eq.edu.au

Qualifications:

Diploma in Graphic Design and Pre-press

Diploma in Photography

Bachelor Degree in Secondary Teaching (Visual Arts and Learning Support).

My last 3 years at Calamvale Community College, I have taught a wide range of subjects within secondary school as well as a number of extra-curricular projects within the Junior School framework. I have a background in teaching Visual Art, English, Humanities, Geography and a number of adjusted programs within the Learning Enhancement Program at the school. I also have 7 years' working experience within Graphic Design, Prepress and Photography. This year I am teaching a number of General and Applied Visual Arts classes within secondary school. I look forward to working with all of my students and assisting them in their creative journey. I aim to prepare my students for life after school by creating a classroom environment where my students can be curious and confident learners where they can take charge of their own learning. I feel extremely blessed to be able to work with such an incredible team of teachers whom inspire me daily with their wealth of knowledge and expertise.
