

Ms Meenaloshini Ambikavathi

Maths, Science

mambi0@eq.edu.au

Qualifications:

Bachelor of Commerce
Graduate Diploma of Education

I am a beginning teacher joining the Secondary School at Calamvale Community College. As an accountant turned teacher, I completed my education qualifications in 2017, after discovering my passion for education after volunteering through a local community organisation. This year I will be teaching Maths and Science and am very much looking forward to my journey at this school and working with the entire community.
