## Qualifications:

Bachelor of Education (Secondary) English as an Additional Language or Dialect and Chinese

Hello there! I joined the fabulous CCC team at the end of 2016 as the secondary EAL/D teacher. As an Australian born Chinese, I am passionate about celebrating diversity and embracing students from all backgrounds, religions and cultures. I am very passionate about making English acquisition engaging, accessible, meaningful and fun for all. On top of that, I have deep interests in travelling, understanding cultures, people, food and getting to know my students on a deeper level. Being at Calamvale Community College has been a huge blessing in my life because it has allowed me to strengthen my teaching pedagogy, broaden my knowledge of teaching strategies and has given me the opportunity to work with some of the nation's best teachers. Please never hesitate to contact me if you have any questions or just to chat! Looking forward to hearing from you.
