

Mr Rashaun Hoh

Science and Mathematics Teacher

rjhoh0@eq.edu.au

Qualifications:

Bachelor of Engineering Majoring in Chemical and Metallurgical Engineering
Graduate Diploma in Education.

I am a Science and Mathematics secondary school teacher and I have a desire to make an impact on the next generation. I have taught a wide range of students, and subjects focusing on building every child's confidence. I am a passionate teacher who strives to create a collaborative and engaging class that inspires a love of Science and Maths in my students. With the mindset of "you can only teach someone to learn when you are willing to learn", I aim to develop myself professionally and look for new ways to help students with their learning and success. This year, I aim to help students to take ownership in their own learning through inquiry pedagogy and working with an amazing team of teachers and staff at Calamvale Community College. Let's look forward to hearing #changinglives story
