

Mr Alex Chen

Science Maths and Chinese

achen126@eq.edu.au

Qualifications:

Bachelor of Science and Graduation Diploma of Education

Over the last 7 years I have been teaching in Science, Maths and Chinese curricula in Australia. This is my first year working at Calamvale Community College. At present, I teach junior and senior Chinese and Maths. Teaching has its ups and downs but on the whole it's fulfilling when you help youngsters to leave school with decent grades and know they have a future. I thoroughly enjoy teaching and making a difference in children's lives. It is an honour to be in this role. I am an enthusiastic and professional Chinese Teacher, I am passionate about my culture and my country. It is a wonderful experience for me to teach my language to different people. I enjoy engaging and motivating pupils to learn a foreign language helping them to develop their knowledge, skills and understanding of a different language and culture.
