

Mr Brenton Male

Health and Physical Education

bmale5@eq.edu.au

Qualifications:

Bachelor of Exercise Science (Major: Health Promotion)

Graduate Diploma of Education

My purpose as a Health and Physical Education is to have a positive impact on students health both now and in thirty years time. The skills that students learn within my lessons will set them up for a life of where physical activity is seen as an exciting opportunity, enjoyable challenge, or release from their day to day life. I heavily believe in the service I provide students and am passionate about the need for positive physical, social, emotional and mental health. I have been teaching for ten years at Calamvale Community College, and see myself as a Health and Physical Education Teacher for the remainder of my career. I believe I best serve the industry at ground level, directly impacting students.
