

# Ms Leanne Nott

VET Information and Digital Media Technology (IDMT)  
Information and Communication Technology (ICT)

VET Business Studies (VBS)

Design and Technology (DAT)

[lxnot0@eq.edu.au](mailto:lxnot0@eq.edu.au)

## Qualifications:

Bachelor of Education in Design & Technology  
Computing and a Diploma in Information Technology.

I have been teaching for 15 years in the digital technology area and enjoy this challenging and fast evolving area of study. I consider myself a lifelong learner as well as a teacher and strive to instil this philosophy in my students.

My focus in 2019 will be to embrace the inquiry teaching model to continue to improve my teaching practice. I have been a happy member of Calamvale Community College since 2016. I find working with young people and contributing to their educational and personal development very rewarding.

I have a Bachelor of Education in Design & Technology / Computing and a Diploma in Information Technology. I am currently teaching VET Information and Digital Media Technology (IDMT), Information and Communication Technology (ICT), VET Business Studies (VBS), and Design and Technology (DAT).

I am a proud member of the Cobar house.
