I am committed to ensuring that the students with a disability receive the support they need to belong to the school community and experience academic success. I believe that every student can succeed with the right support and teaching strategies tailored to meet their individual needs. I work closely and collaboratively with other subject teachers and outside agencies to ensure all necessary adjustments and modifications are in place in order to best cater for the learning needs of my students. I feel privileged to teach at a College where diversity is celebrated and inclusion is embedded at all aspects of the school community.
